

PH.D. BY JERRY GRAY. CANCER FREE BY JENNIE STUART.

YOU'D THINK 43 DAYS OF RADIATION THERAPY FOR PROSTATE CANCER WOULD DRAIN ALL YOUR ENERGY.

Not if you're Rev. Jerry Gray. The IMRT treatments he got at Jennie Stuart's E.C. Green Cancer Center had so few side effects, he was able to write a dissertation on church planning and earn a Ph.D. all while undergoing the radiation therapy. Call 800-887-JSMC (5762) and learn why Jennie Stuart could be the smart choice for you.
